

RenewData Names Legal Services Veteran to Post of President

Fostering Client Relationships and Driving Growth Strategy Continue to be Key Initiatives for Information Governance Service Provider

AUSTIN, Texas – November 17, 2009 — RenewData®, a leading provider of services for the discovery, archiving, and governance of electronically stored information (ESI), today announced it has named Richard Cohen to president. In this role, Cohen will lead the company’s client facing functions to continue RenewData’s position as a top-tier service provider offering the best eDiscovery, archiving and information governance services possible to clients.

Since joining RenewData in early 2008 as the executive vice president of legal services, Cohen has utilized his strong legal expertise to foster RenewData’s client relationships and ensure the proper approach to every client’s eDiscovery need and strategy. In fact, RenewData recently announced that their client satisfaction survey results from the second quarter of this year showed that its clients are extremely satisfied with the level of service received, with 100 percent of survey respondents indicating they would likely refer RenewData to their colleagues.

“Rich has been a strong addition to the team and he has made significant contribution to the company’s growth,” said Steven Horan, CEO of RenewData. “His team has consistently met or exceeded 2009 goals and we are confident these results will continue into 2010.”

Before joining RenewData, Cohen was with a large legal services organization where he served as senior vice president and managing director of legal services focusing on complex litigation matters and bankruptcies. Additionally, Cohen was COO of Integrex Professional Claims Services where he was responsible for operations, IT, sales, and marketing. His extensive experience also includes general counsel at Ohio Power and Columbus Southern Power Companies, as well as executive positions at Lexis-Nexis, Lexford Residential Trust, City of Cuyahoga Falls, and City of Akron.

Beyond his work in legal services, Cohen has been actively involved with industry organizations including the American Corporate Counsel Association where he served as president of the Central Ohio Chapter and has chaired the American Bar Association's Coordinating Group on Energy Law and Ohio Electric Utility Legal Committee, co-chaired the American Bankruptcy Institute's Mass Torts Subcommittee, and has been a member of the ABA Class Actions/Derivative Suits Subcommittee. Additionally, Cohen is a member of the Corporate Counsel Advisory Board for *The Metropolitan Corporate Counsel* and a recipient of the Distinguished Legal Service Award conferred by *Corporate Legal Times*. Cohen is also a member of the American and Ohio State Bar Association.
