RenewData to Conduct “eDiscovery in Bankruptcy Cases” Web Seminar

Austin, Texas, March 16, 2009 — RenewData, a leading provider of services for the discovery, archiving, and governance of electronically stored information (ESI), today announced it will broadcast the web seminar titled “eDiscovery in Bankruptcy Cases” on March 25, 2009 at 1:00 PM Central Time (2:00 PM Eastern Time). RenewData’s expert panel of speakers presenting the web seminar will include Rich Cohen, Executive VP of Legal Services, Bob Little, Chief Marketing Officer, and Joe Garber, Senior Director of Product Marketing.

RenewData’s “eDiscovery in Bankruptcy Cases” web seminar will provide businesses and their outside counsel a thorough understanding of what eDiscovery is and why it is pertinent to bankruptcy proceedings. The web seminar will benefit any eDiscovery, legal, or IT professional and attendance is free. Best practices for responding to eDiscovery requests, the kinds of data most relevant to bankruptcy proceedings, the importance of being proactive, and suggested buying strategies one should employ in difficult economic times are among the relevant and current topics that will be covered during the web seminar. Attendees to this webinar will also learn about new tools & best practices that can help lower risk and cost, how to drive efficiencies into the eDiscovery process, steps to take right now to prepare your organization, and how others are approaching eDiscovery.

A corresponding white paper by the same title will also be released the week of the web seminar. To register for this and other RenewData web seminars go to, www.renewdata.com/registration.php. To view RenewData’s on-demand web seminars and white papers go to, www.renewdata.com/web-registration.php.
